To: The Shareholders of Malaysian Pacific Industries Berhad

Dear Sir/Madam

PROPOSED RENEWAL OF THE AUTHORITY FOR THE PURCHASE OF OWN SHARES BY THE COMPANY

1. INTRODUCTION

At the Company's EGM held on 14 October 2005, your Directors had obtained shareholders' authorisation for the Company to purchase and/or hold up to ten per centum (10%) of the issued and paid-up share capital of MPI for the time being ("Authorisation").

In accordance with Chapter 12 of the Listing Requirements of Bursa Securities, the Authorisation shall lapse at the conclusion of the forthcoming AGM scheduled for 10 October 2006, unless the Authorisation is renewed.

Consequently, on 13 September 2006, the Company announced that your Directors propose to seek shareholders' approval for renewal of the authority to undertake the Proposed Share Buyback at the forthcoming EGM to be held on Tuesday, 10 October 2006.

The purpose of this Circular is to provide you with the details of the Proposed Share Buyback and to seek your approval on the ordinary resolution to be tabled at the EGM to be convened on Tuesday, 10 October 2006, notice of which is set out in this Circular.

2. DETAILS OF THE PROPOSED SHARE BUYBACK

Your Directors propose to seek the renewal of authority from the shareholders of MPI for the Company to purchase and/or hold its Shares up to ten per centum (10%) of the issued and paid-up share capital of MPI for the time being. As at 30 August 2006, the Company had purchased 10,976,000 Shares which are held as treasury shares. The current issued and paid-up share capital of the Company, before adjusting for the treasury shares held, is RM104,942,209.50 divided into 209,884,419 Shares. The maximum number of Shares which may be purchased and/or held as treasury shares by the Company is 10,012,441 Shares (excluding the 10,976,000 treasury shares held), which is ten per centum (10%) of the issued and paid-up share capital of MPI.

The funding of the Proposed Share Buyback will be from internally generated funds and/or borrowings, the proportion of which will depend on the quantum of Shares purchased, the purchase consideration as well as the availability of funds of the MPI Group at the time of purchase(s). In the event that the Proposed Share Buyback is funded by bank borrowings, the amount of bank borrowings will depend on the amount of Shares purchased by the Company and its repayment capabilities. Your Directors will ensure that the Company is able to meet the repayment of such borrowings, if any. The Company's net cashflow may decline to the extent of the interest costs associated with such borrowings. The maximum fund to be allocated by the Company for the Proposed Share Buyback will be made wholly out of retained profits and/or share premium account. As of 30 June 2006, the audited retained profits and share premium of the Company were RM270.7 million and RM250.0 million respectively.

The Proposed Share Buyback will be effective immediately upon the passing of the ordinary resolution for the Proposed Share Buyback up to the conclusion of the next AGM of MPI, unless earlier revoked or varied by ordinary resolution of the shareholders of the Company in general meeting or the expiration of the period within which the next AGM after the date on which the authority conferred by the resolution is required by law to be held, whichever occurs first.

In accordance with the Listing Requirements of Bursa Securities, MPI may only purchase the Shares on Bursa Securities at a price which is not more than fifteen per cent (15%) above the weighted average market price for the Shares for the past five (5) market days immediately preceding the date of purchase(s) and the Company may only resell treasury shares on Bursa Securities at a price which is:-

- a. not less than the weighted average market price for the Shares for the past five (5) market days immediately prior to the resale; or
- b. not less than 5% below the weighted average market price for the Shares for the five (5) market days immediately prior to the resale provided that the resale takes place no earlier than thirty (30) days from the date of purchase and the resale price is not less than the cost of purchase of the Shares being resold.

The Proposed Share Buyback will allow your Directors to exercise the power of the Company to purchase its own Shares at any time within the abovementioned time period. The actual number of Shares to be purchased, the total amount of funds involved for each purchase, and the timing of the purchase will depend on the prevailing market conditions and sentiments of the stock market as well as the financial resources available to the Company.

The Directors will deal with the Shares so purchased in the following manner:-

- (i) cancel the Shares so purchased;
- (ii) retain the Shares so purchased as treasury shares;
- (iii) retain part of the Shares so purchased as treasury shares and cancel the remainder; or
- (iv) distribute all or part of the treasury shares as dividends to shareholders, and/or resell on Bursa Securities, and/or cancel all or part of them.

Upon each purchase of Shares, an immediate announcement will be made to Bursa Securities on the day the purchase is made in respect of the intention of the Directors whether to cancel the Shares so purchased, retain them as treasury shares or a combination of both. An immediate announcement will also be made to Bursa Securities of any resale or cancellation of Shares.

In considering how the Shares so purchased will be dealt with, the Directors will take into consideration, inter-alia, factors such as the prevailing market price of MPI Shares, the intrinsic value of MPI Shares and effects on the earnings and NA of the MPI Group.

Your Directors will ensure that the Proposed Share Buyback and/or the resale of treasury shares will be conducted in accordance with laws prevailing at the time of the purchase and/or resale and will not engage in speculative trading activities.

3. RATIONALE/POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUYBACK

The Proposed Share Buyback will enable MPI to utilise its financial resources to purchase its own Shares which may enhance the return on equity through the resultant reduction of share capital base.

The Shares to be purchased by the Company pursuant to the Proposed Share Buyback may be retained as treasury shares which can be resold in the market subsequently. In this respect, the Proposed Share Buyback may provide an opportunity for the Company to purchase its own Shares when the market prices of the Shares are below the intrinsic value in order to realise potential capital gains in the event that the market prices of the Shares appreciate in future. Therefore, the Proposed Share Buyback may enhance the value of shareholders' wealth through the increase in earnings and NA of the MPI Group. In the event that the treasury shares are distributed as dividends by MPI, the distribution may then serve as a reward to the shareholders of the Company.

The Proposed Share Buyback will, however, reduce the financial resources of MPI and may result in MPI foregoing any investment opportunities which may emerge in the future or any interest income that may be derived from depositing such funds with interest bearing instruments. The Proposed Share Buyback may also result in a reduction of financial resources available for distribution in the form of cash dividends to shareholders.

The Board will consider the interest of the Company and its shareholders when undertaking the purchase of the Company's own Shares.

4. EFFECTS OF THE PROPOSED SHARE BUYBACK

The effects of the Proposed Share Buyback on the share capital, earnings, NA and working capital of MPI are as set out below:-

4.1 Share Capital

On the assumption that the Proposed Share Buyback is carried out in full and the Shares so purchased, including the 10,976,000 treasury shares held, are fully cancelled, the Proposed Share Buyback will result in the issued and paid-up share capital of MPI as at 30 August 2006 to be reduced by 20,988,441 Shares from RM104,942,209.50 comprising 209,884,419 Shares to RM94,447,989.00 comprising 188,895,978 Shares as follows:-

	No of shares of RM0.50 each	RM
Existing issued and paid-up share capital as at 30 August 2006 (before adjusting for the treasury shares held)	209,884,419	104,942,209.50
No. of Shares reduced (Assuming the Shares so purchased, including the treasury shares held, are fully cancelled)	20,988,441	10,494,220.50
Upon completion of the Proposed Share Buyback	188,895,978	94,447,989
No. of Shares held in treasury as at 30 August 2006	10,976,000	5,488,000

Pursuant to the Act, if the Shares so purchased are treated as treasury shares, the rights attached to them as to voting, dividends and participation in other distribution and otherwise are suspended and the treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the company for any purposes including, without limiting the generality of this provision, the provisions of any law or requirements of the articles of association of the company or the listing rules of a stock exchange on substantial shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

4.2 Earnings

The effect of the Proposed Share Buyback on the earnings of the MPI Group depends on the actual number of Shares purchased and the purchase price(s).

4.3 NA and Working Capital

The Proposed Share Buyback may increase or decrease the NA per Share depending on the purchase price(s) of the MPI Shares to be purchased. The NA per Share of the MPI Group is likely to increase if the purchase price is less than the NA per Share of the MPI Group and decrease if the purchase price exceeds the NA per Share of the MPI Group at the time when the Shares are purchased.

The Proposed Share Buyback would further reduce the working capital of the MPI Group, the quantum of which will depend on the purchase price(s) and the number of Shares that would be purchased pursuant to the Proposed Share Buyback.

5. DIRECTORS' SHAREHOLDINGS

The shareholdings of the Directors of MPI according to the Register of Directors' Shareholdings as at 30 August 2006, before and after the Proposed Share Buyback, are as follows:-

Dear Sir/Madam

PROPOSED SHAREHOLDERS' MANDATE ON RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE

1. INTRODUCTION

At the Company's EGM held on 14 October 2005, the Company had obtained a mandate from its shareholders for the MPI Group to enter into recurrent related party transactions of a revenue or trading nature, which are necessary for the day-to-day operations of the MPI Group, with certain classes of related parties. The shareholders' mandate shall, in accordance with the Listing Requirements, expire at the conclusion of the forthcoming AGM scheduled for 10 October 2006, unless it is renewed.

In connection thereto, on 13 September 2006, the Company announced that your Directors propose to seek shareholders' approval for the Proposed Shareholders' Mandate at the forthcoming EGM to be held on Tuesday, 10 October 2006.

The purpose of this Circular is to provide you with details of the Proposed Shareholders' Mandate and to seek your approval for the ordinary resolutions to be tabled at the EGM to be convened on Tuesday, 10 October 2006, notice of which is set out in this Circular.

2. DETAILS OF THE PROPOSED SHAREHOLDERS' MANDATE

2.1 Provisions under the Listing Requirements

Paragraph 10.09 (1) of the Listing Requirements provides that with regard to related party transactions involving recurrent transactions of a revenue or trading nature which are necessary for its day-to-day operations, the listed issuer may seek a shareholders' mandate in respect of such transactions subject to the following:-

- the transactions are in the ordinary course of business and are on terms not more favourable to the related party than those generally available to the public;
- the shareholders' mandate is subject to annual renewal and disclosure is made in the annual report of the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year where:-
 - (i) the consideration, value of the assets, capital outlay or costs of the aggregated transactions is equal to or exceeds RM1 million; or
 - (ii) any one of the percentage ratios of such aggregated transactions is equal to or exceeds 1%,

whichever is the lower;

The rationale for and the benefit of the Proposed Shareholders' Mandate to the MPI Group are as follows:-

- i) The Proposed Shareholders' Mandate will facilitate transactions with related parties in the ordinary course of business of MPI Group, undertaken at arm's length, on commercial terms, on terms not more favourable to the related parties than those generally available to and/or from the public and are not to the detriment of the minority shareholders. The MPI Group has dealt with the related parties mentioned in Section 2.3 above for many years and has established good business relationship with them.
- ii) The Proposed Shareholders' Mandate will enhance the MPI Group's ability to pursue business opportunities which are time-sensitive in nature and will eliminate the need for the Company to convene separate general meetings to seek shareholders' approval for each transaction.

- iii) For certain transactions, where it is vital that confidentiality be maintained, it would not be viable to obtain prior shareholders' approval, as releasing details of the transactions prematurely may adversely affect and prejudice the MPI Group's interests and place the MPI Group at a disadvantage as compared with its competitors who may not require shareholders' approval to be obtained.
- iv) The Proposed Shareholders' Mandate will substantially reduce the expenses associated with convening of general meetings on an ad hoc basis, improve administrative efficiency considerably and allow resources to be channeled towards attaining other corporate objectives.
- v) In respect of the Corporate Office Support Services and Group Management And/Or Support Services, the Proposed Shareholders' Mandate will enable MPI Group to reduce operating cost and to improve efficiency, thereby improving business and administrative efficacy for MPI Group.

This Circular had been seen and approved by the Directors who collectively and individually accept full responsibility for the accuracy of the information given and confirm that after having made all reasonable enquiries and to the best of their knowledge and belief, there are no other facts, the omission of which would make any information, data or statement herein misleading.

2. MATERIAL LITIGATION, CLAIMS AND ARBITRATION

Save for the following, MPI and its subsidiaries are not engaged in any material litigation, claims and arbitration either as plaintiff or defendant and the Directors are not aware of any proceeding pending or threatened against MPI and its subsidiaries or any facts likely to give rise to any proceeding which might materially and adversely affect the position and business of MPI and its subsidiaries:-

Amkor Technology, Inc (“Amkor”) has filed a complaint with the International Trade Commission (“ITC”) on 17 November 2003 alleging Carsem (M) Sdn Bhd, Carsem Semiconductor Sdn Bhd and Carsem Inc (collectively “Carsem Group”) of infringing three of Amkor’s United States Patents. Amkor has also filed a civil lawsuit at the District Court on even date alleging Carsem Group of infringement of the same three patents which are the subject of the ITC investigation.

Following a hearing in July and August 2004, an Administrative Law Judge (“ALJ”) issued an Initial Determination finding all of the asserted claims of Amkor’s patents invalid, not infringed, or both, and no violation by Carsem Group. Subsequently, the ITC reviewed the Initial Determination and remanded to the ALJ for further findings on several issues.

Carsem Group has now been advised by its lawyers that the ALJ has found that some but not all of Carsem Group’s devices infringed on Amkor’s patents. Carsem Group has filed a petition for review by the ITC and the motion to extend the target date for completion of this investigation by three months pending ASAT, Inc.’s subpoena enforcement proceeding (“ASAT Proceeding”).
