PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE

1. INTRODUCTION

At the Company's AGM held on 4 November 2020, the Company obtained mandate from its shareholders for the MPI Group to enter into recurrent related party transactions of a revenue or trading nature, which are necessary for the day-to-day operations with related parties. The said mandate shall, in accordance with the Main Market Listing Requirements, expire at the conclusion of the forthcoming AGM of the Company to be held on Wednesday, 3 November 2021 at 3.00 p.m. ("Said AGM"), unless it is renewed at the Said AGM.

In connection thereto, on 1 October 2021, the Company announced that your Directors propose to seek shareholders' approval for the Proposed Renewal of Shareholders' Mandate at the Said AGM.

The purpose of Part A of this Circular is to provide you with the details of the Proposed Renewal of Shareholders' Mandate and to seek your approval for the proposed ordinary resolution pertaining to the Proposed Renewal of Shareholders' Mandate to be tabled at the Said AGM.

The Notice of the Said AGM together with the Form of Proxy are set out in the 2021 Annual Report of MPI, which is available on MPI's website at www.mpind.my/GeneralMeetings/Latest.asp.

2. DETAILS OF THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE

2.1 Provisions under the Main Market Listing Requirements

Paragraph 10.09(2) of the Main Market Listing Requirements provides that a listed issuer may seek a mandate from its shareholders for related party transactions which are recurrent, of a revenue or trading nature and which are necessary for the day-to-day operations of a listed issuer or its subsidiaries subject to, inter-alia, the following:

- (a) the transactions are in the ordinary course of business and are on terms not more favourable to the related party than those generally available to the public;
- (b) the shareholder mandate is subject to annual renewal and disclosure is made in the annual report of the aggregate value of transactions conducted pursuant to the shareholder mandate during the financial year where the aggregate value is equal to or more than the threshold prescribed under paragraph 10.09(1) of the Main Market Listing Requirements;
- (c) the listed issuer's circular to shareholders for the shareholder mandate includes the information as may be prescribed by Bursa Securities. The draft circular, where applicable, must be submitted to Bursa Securities together with a checklist showing compliance with such information;
- (d) in a meeting to obtain the shareholder mandate, the interested director, interested major shareholder or interested person connected with a director or major shareholder; and where it involves the interest of an interested person connected with a director or major shareholder, such director or major shareholder, must not vote on the resolution in respect of the transactions. An interested director or interested major shareholder must ensure that persons connected with him abstain from voting on the resolution in respect of the transactions; and
- (e) the listed issuer immediately announces to Bursa Securities when the actual value of a recurrent related party transaction entered into by the listed issuer exceeds the estimated value of the recurrent related party transaction disclosed in the circular to shareholders by 10% or more and must include the information as may be prescribed by Bursa Securities in its announcement.

Where a listed issuer has procured a shareholder mandate pursuant to the above, the provisions of paragraph 10.08 of the Main Market Listing Requirements will not apply with regard to transactions as detailed in Section 2.3 of Part A of this Circular.

The Company proposes to seek approval for the Proposed Renewal of Shareholders' Mandate from its shareholders for the MPI Group to enter into transactions with related parties which are of a revenue or trading nature and necessary for the day-to-day operations on terms not more favourable to the related parties than those generally available to and/or from the public, where applicable, and are not detrimental to the minority shareholders.

The Proposed Renewal of Shareholders' Mandate, if approved at the Said AGM, will take immediate effect upon the conclusion of the Said AGM and will continue to be in force until the conclusion of the next AGM of the Company or until the expiration of the period within which the next AGM is required by law to be held (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act), unless revoked or varied by the Company in a general meeting, whichever is the earlier.

2.5 Methods or procedures on which transaction prices are determined/review procedures for recurrent related party transactions

To ensure that the recurrent related party transactions, which are in the ordinary course of business, are conducted on commercial terms consistent with the MPI Group's usual business practices and policies and on terms not more favourable to the related parties than those generally available to and/or from the public, where applicable, and are not detrimental to the minority shareholders, the following principles will apply:

- (i) the purchase of goods and other products and the receipt of Services shall be determined based on prevailing rates/prices of the same (including where applicable, preferential rates/prices/discounts accorded to a class or classes of customers or for bulk purchases) according to commercial terms, business practices and policies or otherwise in accordance with other applicable industry norms/considerations;

At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities.

In the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the Board Audit & Risk Management Committee of the Company, in its review of the recurrent related party transactions may, as it deems fit and whenever available, request for additional information pertaining to the transactions from independent sources or advisers.

To monitor, track and identify the recurrent related party transactions, the following review procedures have been implemented:

- (i) A register is maintained to record all recurrent related party transactions which are entered into pursuant to the Proposed Renewal of Shareholders' Mandate.
- (ii) The Board Audit & Risk Management Committee will undertake quarterly review of recurrent related party transactions to ensure that such transactions are undertaken on commercial terms and on transaction prices and on terms not more favourable to the related parties than those generally available to and/or from the public, where applicable, and are not, in the Company's opinion, detrimental to the minority shareholders and are in the best interest of the MPI Group.

There are no specific thresholds for approval of recurrent related party transactions within the MPI Group. However, all recurrent related party transactions are subject to the approval of the Heads of the relevant operating companies or such persons to whom they may delegate such power subject always to any MPI Group's policies that may be issued from time to time.

The Board Audit & Risk Management Committee will review the existing procedures and processes, on an annual basis and as and when required, to ensure that the recurrent related party transactions are at all times carried out on commercial terms consistent with the MPI Group's usual business practices and policies.

The Board Audit & Risk Management Committee of the Company has reviewed the above procedures and is satisfied that the said procedures are adequate to monitor, track and identify recurrent related party transactions in a timely and orderly manner and are sufficient to ensure that the recurrent related party transactions will be carried out on commercial terms consistent with the MPI Group's usual business practices and policies and on terms not more favourable to the related parties than those generally available to and/or from the public, where applicable, and are not detrimental to the minority shareholders. Any member of the Board Audit & Risk Management Committee who is interested in any transaction shall abstain from reviewing and deliberating on such transaction.

3. RATIONALE FOR AND BENEFITS OF THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE

The rationale for and the benefits of the Proposed Renewal of Shareholders' Mandate to the MPI Group are as follows:

- (i) The Proposed Renewal of Shareholders' Mandate will facilitate transactions with related parties which are in the ordinary course of business of the MPI Group and undertaken on commercial terms and on terms not more favourable to the related parties than those generally available to and/or from the public, where applicable, and are not detrimental to the minority shareholders.

- (ii) The Proposed Renewal of Shareholders' Mandate will enhance the MPI Group's ability to pursue business opportunities which are time-sensitive in nature and will eliminate the need for the Company to convene separate general meetings to seek shareholders' approval for each transaction.
- (iii) For certain transactions, where it is vital that confidentiality be maintained, it would not be viable to obtain shareholders' prior approval, as releasing details of the transactions prematurely may adversely affect and prejudice the MPI Group's interests and place the MPI Group at a disadvantage as compared with its competitors who may not require shareholders' approval to be obtained.
- (iv) The Proposed Renewal of Shareholders' Mandate will substantially reduce the expenses associated with convening of general meetings on an ad hoc basis, improve administrative efficiency considerably and allow resources to be channeled towards attaining other corporate objectives.
- (v) In respect of the Group Management And/Or Support Services, the Proposed Renewal of Shareholders' Mandate will enable the MPI Group to reduce operating cost and to improve efficiency, thereby improving business and administrative efficacy for the MPI Group.

The funding of the Proposed Share Buyback will be from internally generated funds. The maximum amount of funds to be allocated for the Proposed Share Buyback will be made wholly out of retained profits. As at 30 June 2021 the audited retained profits of the Company was RM457,916,000.

The Proposed Share Buyback will be effective immediately upon the passing of the proposed ordinary resolution relating to the Proposed Share Buyback at the Said AGM up to the conclusion of the next AGM of MPI, unless earlier revoked or varied by ordinary resolution of the shareholders of the Company in general meeting or the expiration of the period within which the next AGM after that date is required by law to be held, whichever occurs first.

In accordance with the Main Market Listing Requirements, MPI may only purchase the Shares on Bursa Securities at a price which is not more than fifteen per cent (15%) above the weighted average market price for the Shares for the five (5) market days immediately before the purchase(s) and the Company may only resell or transfer treasury shares on Bursa Securities at:

- (a) a price which is not less than the weighted average market price for the Shares for the five (5) market days immediately before the resale or transfer; or
- (b) a discounted price of not more than 5% to the weighted average market price for the Shares for the five (5) market days immediately before the resale or transfer provided that:
 - (i) the resale or transfer takes place not earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale or transfer price is not less than the cost of purchase of the Shares being resold.

The Proposed Share Buyback will allow your Directors to exercise the power of the Company to purchase its own Shares at any time within the abovementioned time period. The actual number of Shares to be purchased, the total amount of funds involved for each purchase and the timing of the purchase will depend on the prevailing market conditions and sentiments of the stock market as well as the financial resources available to the Company.

The Directors may deal with the Shares so purchased in the following manner:

- (i) cancel the Shares so purchased; or
- (ii) retain the Shares so purchased as treasury shares; or
- (iii) retain part of the Shares so purchased as treasury shares and cancel the remainder; or
- (iv) distribute all or any of the treasury shares as dividends to shareholders; or
- (v) resell all or any of the treasury shares in accordance with the relevant rules of Bursa Securities; or
- (vi) transfer all or any of the treasury shares for the purposes of or under an employees' share scheme; or
- (vii) transfer all or any of the treasury shares as purchase consideration; or
- (viii) cancel all or any of the treasury shares; or
- (ix) sell, transfer or otherwise use the Treasury Shares for such other purposes as the Minister (being the Minister charged with the responsibilities for companies pursuant to the Act) may, by order, prescribe.

Upon each purchase of Shares, an immediate announcement will be made to Bursa Securities in respect of the intention of the Directors whether to cancel the Shares so purchased, retain them as treasury shares or a combination of both. An immediate announcement will also be made to Bursa Securities of any resale or cancellation of treasury shares.

In considering how the Shares so purchased will be dealt with, the Directors will take into consideration, inter alia, factors such as prevailing market price of the Shares, the intrinsic value of the Shares and effects on the earnings and NA of the MPI Group.

Your Board will ensure that the Proposed Share Buyback and/or the resale of treasury shares will be conducted in accordance with guidelines and rules/laws prevailing at the time of the purchase and/or resale and will not engage in speculative trading activities.

3. RATIONALE/POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUYBACK

The Proposed Share Buyback will enable MPI to utilise its financial resources to purchase its own Shares which may enhance the return on equity through the resultant reduction of share capital base.

The Shares to be purchased by the Company pursuant to the Proposed Share Buyback may be retained as treasury shares which can be resold in the market subsequently. In this respect, the Proposed Share Buyback may provide an opportunity for the Company to purchase its own Shares when the market prices of the Shares are below the intrinsic value in order to realise potential capital gains in the event that the market prices of the Shares appreciate in future. Therefore, the Proposed Share Buyback may enhance the value of shareholder wealth. In the event that the treasury shares are distributed as dividends by MPI, the distribution may then serve as a reward to the shareholders of the Company.

The Proposed Share Buyback will, however, reduce the financial resources of MPI and may result in MPI foregoing any investment opportunities which may emerge in the future or any interest income that may be derived from depositing such funds with interest bearing instruments.

With the Proposed Share Buyback, the financial resources of MPI will increase upon the resale of the Shares purchased which are held as treasury shares.

The Board will consider the interest of the Company and its shareholders when undertaking the purchase of the Company's own Shares.

4. EFFECTS OF THE PROPOSED SHARE BUYBACK

The effects of the Proposed Share Buyback on the share capital, earnings, NA and working capital of MPI are as set out below:

4.1 Share Capital

On the assumption that the Proposed Share Buyback is carried out in full and the Shares so purchased are fully cancelled, the effects of the Proposed Share Buyback on the issued share capital of the Company are as follows:

	No. of Shares
Existing issued share capital as at LPD (before adjusting for treasury shares)	209,884,419
No. of Shares reduced (Assuming the Shares so purchased, including the treasury shares currently held, are fully cancelled)	20,988,441
Upon completion of the Proposed Share Buyback	<u>188,895,978</u>
No. of Shares held in treasury as at LPD	10,988,000

Pursuant to the Act, if the shares so purchased are treated as treasury shares, the rights attached to them as to voting, dividends and participation in other distribution and otherwise are suspended and the treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in the company for any purposes including, without limiting the generality of this provision, the provisions of any laws or requirements of the constitution of the company or the listing requirements of a stock exchange on substantial shareholdings, takeovers, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

4.2 Earnings

The effect of the Proposed Share Buyback on the earnings of the MPI Group will depend on the actual number of Shares purchased and the purchase price(s).

4.3 NA and Working Capital

The Proposed Share Buyback may increase or decrease the NA per Share depending on the purchase price(s) of the Shares to be purchased. The NA per Share of the MPI Group is likely to increase if the purchase price is less than the NA per Share and decrease if the purchase price exceeds the NA per Share at the time when the Shares are purchased.

The Proposed Share Buyback will reduce the working capital of the MPI Group, the quantum of which will depend on the purchase price(s) and the number of Shares that will be purchased pursuant to the Proposed Share Buyback.
